NOTICE

All students are informed that a **Three-Day Handcrafted Rangoli Workshop** will be organized to promote creativity, cultural appreciation, and artistic skills among students. Participants will learn various Rangoli techniques, designs, and colour combinations under the guidance of experienced instructors.

Dates: 10/10/2025-13/10/2025

Time: 10:00 am onwards

Venue: Incubation Centre

Eligibility: Open to all students

Mode: Offline

Note: All participants will receive a certificate of participation.

Students interested in showcasing their creativity and learning new Rangoli techniques are encouraged to register and actively participate.

Objectives of the Handcrafted Rangoli Workshop:

1. To promote awareness about traditional rangoli art forms of different states of India.
2. To enhance creativity, artistic expression, and design skills among students.
3. To provide practical training in handcrafted rangoli preparation using eco-friendly materials and decorative techniques.
4. To develop employability and entrepreneurship skills through traditional art and craft activities.
5. To encourage preservation and promotion of Indian cultural heritage and folk art traditions.
6. To train students in the use of different rangoli tools, colour combinations, and design patterns.

Report on Three-Day Handcrafted Rangoli Workshop

The *Shaheed Baba Deep Singh Department of Home Science (FASS)*, in association with *Janaky Athi Nahappan Incubation Centre, Swami Vivekanand Subharti University*, organized a "*Three-Day Handcrafted Rangoli Workshop*" from 10 October to 13 October 2025. The workshop focused on employability and skill development among students through creative and traditional handcrafted rangoli techniques.

The first day of the workshop commenced at 10:00 a.m. with the introduction of the workshop objectives and the importance of handcrafted rangoli as a cultural art form and entrepreneurial skill. *Dr. Nishma Singh* coordinated the event and guided students regarding the materials, colour combinations, floral patterns, and eco-friendly decorative techniques used in rangoli preparation.

A total of 25 students actively participated in the workshop. Students were introduced to the basics of rangoli design, symmetry, colour balancing, and innovative handcrafted patterns. Practical demonstrations were conducted to help participants understand different styles of traditional and modern rangoli making.

Dr. Jyoti Gaur and other faculty members appreciated the enthusiasm, creativity, and active participation of the students. The session concluded with interactive discussions and practice activities that encouraged students to enhance their artistic and vocational skills.

During the workshop, students learned various traditional art techniques such as Mandana Art of Rajasthan, Maharashtrian Dot Rangoli, Bengali Alpana, Tamil Nadu Kolam, Gujarati Sanskar Bharati Rangoli, and Andhra Pradesh Muggu designs. Participants were guided through step-by-step procedures of preparing rangoli patterns using different materials and traditional methods.

The workshop provided practical exposure in:

- Preparation of state-wise traditional rangoli patterns
- Colour coordination and design presentation
- Use of eco-friendly decorative materials
- Development of creativity and artistic skills
- Enhancement of entrepreneurship and self-employment opportunities

Students enthusiastically participated in hands-on activities and created innovative rangoli designs representing different cultural traditions of India. The session encouraged teamwork, patience, precision, and aesthetic understanding among participants.

The workshop concluded successfully with positive feedback from participants. It proved to be an enriching learning experience that enhanced practical knowledge, cultural awareness, employability skills, and creative confidence among students.

Analysis of Participant's Feedback:

Participants expressed high satisfaction with the workshop and appreciated the practical exposure to traditional rangoli art forms from different states of India. Students found the sessions interactive, creative, and useful for enhancing artistic, cultural, and employability skills. The feedback also reflected increased confidence and interest among participants toward eco-friendly decorative art and entrepreneurship opportunities.

Outcomes of the Workshop:

1. Students gained practical knowledge of traditional rangoli styles from different states of India.
2. The workshop enhanced creativity, artistic skills, and colour coordination abilities among participants.
3. Participants developed employability and entrepreneurial skills through hands-on decorative art activities.
4. Students learned the use of eco-friendly materials and sustainable decorative techniques.
5. The activity promoted awareness and preservation of Indian cultural heritage and folk-art traditions.
6. The workshop improved students' confidence, teamwork, and presentation skills through active participation.

Report on "15 Days Training Program on "Food Processing and Preservation"

The Shaheed Baba Deep Singh Department of Home Science (FASS), in association with Janaky Athi Nahappan Incubation Centre, Swami Vivekanand Subharti University, Meerut, organized a *15 Days Training Program on "Food Processing and Preservation" from 20th February to 5th March, 2026, in collaboration with the Department of Horticulture and Food Processing, Government of Uttar Pradesh.* The program was conducted under the guidance of Dr. Jyoti Gaur, Head, Department of Home Science, with the aim of strengthening technical competence, entrepreneurship, and employability in the field of food processing.

The training program was aligned with key Sustainable Development Goals (SDGs), particularly SDG-2 (Zero Hunger), SDG-3 (Good Health and Well-Being), SDG-8 (Decent Work and Economic Growth), SDG-9 (Industry, Innovation and Infrastructure), and SDG-12 (Responsible Consumption and Production). By promoting value addition, reduction of post-harvest losses, food safety, and sustainable production practices, the program contributed to holistic development and responsible food systems.

The resource persons, *Mr. Sushil Sirohi and Mr. Vinay Kumar from the Department of Horticulture and Food Processing, Government of Uttar Pradesh*, delivered detailed theoretical sessions along with extensive practical demonstrations. Participants received hands-on training in the preparation of different types of pickles, jams, jellies, murabbas, and squashes. The sessions focused on scientific methods of preservation, hygienic handling of raw materials, quality control measures, appropriate packaging, labeling, storage techniques, and cost calculation.

SHAHEED BABA DEEP SINGH
Department of Home Science
FACULTY OF ARTS & SOCIAL SCIENCES

Email ID- hsc@subharti.org, Website - www.subharti.org, Contact No. 91-9639010541

Subhartipuram, NH-58, Delhi Haridwar Meerut Bypass Road, Meerut-250005
 Ph. 0121-2439578, 2439052, 3058031, Ext. 2804, Telefax: 0121-2439067 e-mail:hsc@subharti.org

The training was highly practical and skill-oriented. Students, teachers, and non-teaching staff actively participated in demonstrations and product preparation, which enhanced their technical knowledge, confidence, and entrepreneurial outlook. The resource persons also shared insights on government schemes and support systems available for establishing small-scale food processing units, encouraging participants to explore self-employment and start-up opportunities.

All faculty members of the department were present throughout the program, showing their active involvement and support. The participants remained enthusiastic and engaged during all fifteen days of training. Their active interaction, keen interest in practical work, and willingness to learn reflected the success and impact of the program. The program was efficiently coordinated by *Dr. Nishma Singh*. The smooth execution of the training demonstrated the department's commitment to skill development, innovation, and industry-academia collaboration.

The program concluded with a valedictory session in which *Dr. Jyoti Gaur* appreciated the efforts of the resource persons and organizing team. She emphasized the importance of practical exposure in enhancing employability and entrepreneurial capabilities. Certificates were distributed to the participants, and the program ended on a positive note with participants expressing their satisfaction and readiness to apply the acquired skills in real-life and professional settings.

1. Objective of the Activity

SHAHEED BABA DEEP SINGH
Department of Home Science
FACULTY OF ARTS & SOCIAL SCIENCES

Email ID- hsc@subharti.org, Website - www.subharti.org, Contact No. 91-9639010541

SWAMI VIVEKANAND SUBHARTI UNIVERSITY

Subhartipuram, NH-58, Delhi Haridwar Meerut Bypass Road, Meerut-250005
Ph. 0121-2439578, 2439052, 3058031, Ext. 2804, Telefax: 0121-2439067 e-mail: hsc@subharti.org

The objective of the workshop was to provide students with practical knowledge and hands-on experience in traditional tie and dye techniques. The activity aimed to enhance students' creativity, understanding of traditional textile art forms, and practical skills in fabric designing through methods such as Bandhani, folding, twisting, and pattern creation.

2. Description of the Activity

The Shaheed Baba Deep Singh Department of Home Science, Faculty of Arts and Social Sciences, Swami Vivekanand Subharti University organized a One-Day Workshop on "Traditional Tie and Dye Techniques" on 09 April 2026 under the guidance of Dr. Shalu Nehra, Assistant Professor.

During the workshop, students were introduced to the basics of tie and dye and various traditional methods including Bandhani, folding, and twisting techniques. Students actively participated and prepared their own dyed fabric samples using vibrant colours and creative patterns. Faculty members of the department also remained present throughout the session and encouraged the students during the practical activity.

The workshop concluded with the display of students' creative work, showcasing their understanding and practical application of traditional textile dyeing techniques.

3. Outcome of the Activity

- Students gained practical exposure to traditional tie and dye techniques.
- The workshop enhanced creativity and artistic skills among participants.
- Students developed a better understanding of traditional textile art forms.
- The activity encouraged experiential learning and teamwork.
- Participants showed enthusiasm and active involvement throughout the workshop.

4. Conclusion

The workshop proved to be highly informative, interactive, and skill-oriented. It successfully enhanced students' practical knowledge and appreciation for traditional textile art forms. The enthusiastic participation of students and support from faculty members contributed to the successful completion of the activity.

5. Feedback

SHAHEED BABA DEEP SINGH
Department of Home Science
FACULTY OF ARTS & SOCIAL SCIENCES

Objective of the Activity

The objective of the workshop was to provide students with practical knowledge and hands-on experience in traditional hand embroidery techniques. The activity aimed to enhance students' creativity, fine motor skills, and understanding of textile crafts, while teaching them how to commercially apply these skills by creating finished utility products like hand-embroidered bags.

Description of the Activity

The Shaheed Baba Deep Singh Department of Home Science, Faculty of Arts and Social Sciences, Swami Vivekanand Subharti University, Meerut organized a One-Day Workshop on "Traditional Embroidery Techniques and Product Designing" on 23 May 2026 under the guidance of Dr. Jyoti Gaur, Professor & HOD.

During the workshop, students were introduced to the basics of various traditional embroidery stitches and embellishment techniques. Under expert supervision, students actively participated and applied these intricate embroidery patterns onto fabric, which they then constructed into creative utility bags. Faculty members of the department remained present throughout the session to mentor and encourage the students during the practical activity. The workshop concluded with an exhibition of the beautiful hand-embroidered bags prepared by the participants, showcasing their design synthesis and technical skills.

Outcome of the Activity

1. Students gained valuable practical exposure to traditional hand embroidery and product fabrication.
2. Students developed a better understanding of converting a raw textile craft into a marketable product (bags).
3. The activity encouraged experiential learning, entrepreneurial thinking, and teamwork.

Conclusion

The workshop proved to be highly informative, interactive, and skill-oriented. It successfully enhanced students' practical knowledge, giving them the confidence to create sustainable textile

products from scratch. The enthusiastic participation of students and support from faculty members contributed to the highly successful completion of the activity.

Feedback

The feedback received from the participants was overwhelmingly positive. Students highly appreciated the hands-on learning experience and thoroughly enjoyed exploring product construction alongside surface ornamentation. They expressed great interest in participating in more such job-oriented, skill-based craft workshops in the future.
